- GIT - GITHUB
- JIRA
- VS CODE - VISUAL STUDIO
- EXCEL
- POWER BI
- SPARK
- ORACLE DATA INTEGRATOR
- JUPYTER

PROJECTS

PORTFOLIO: <https://alejandros-barrionuevorosado.vercel.app>

THE ENIGMA CASINO:

Full Stack development of a multiplayer online casino platform featuring games like Poker, Roulette, and Blackjack. Implemented WebSockets for real-time gameplay between users. Backend developed in C# with .NET 8 and MySQL/SQLite databases. Frontend built with React, using Effector for state management and styled with Tailwind CSS. Deployed on AWS.
